

FSC Chain of Custody Scope and Product Groups

Operating Procedures for Kingfisher Press

Kingfisher Press will be operating a transfer system through the product group schedule. This is documented under the product classes and types listed on page 2, using FSC 100%, FSC Mix and FSC Recycled categories.

The scope covered by Kingfisher Press' Chain of Custody includes all jobs specified as FSC from the point of purchasing and accepting delivery of white paper from our specified suppliers to the delivery of finished printed goods to our customers, including any sub-contract / outsourced work required to do so. This scope can be divided into the following 4 product groups:

1. Coated Paper – FSC 100%, mix or recycled categories.
2. Uncoated Paper – FSC 100%, mix or recycled categories.
3. Coated Board – FSC 100%, mix or recycled categories.
4. Uncoated Board – FSC 100%, mix or recycled categories.
